Dear Judge Chen,

BROOKLYN OFFICE

My name is Yun Xie, an EB5 investor in the Eastern Emerald Project in the SEC's current lawsuit against Yi Xia and all related defendants. Given Steven Fogg's letter sent to you with the title "Emerald Investors' Position on the Monitor's January 28, 2022 Report to the Court and February 14, 2022 Show Cause Hearing," I am respectfully writing you this letter to express my opposition to Steven's:

1. While the letter's title starts with "Emerald Investors," his 87 clients are just a small number of Emerald Investors.
2. While Steven tries persuading the Monitor and the Court to prioritize "green cards" for the Emerald Project's disposition, I hope to get my \$500,000 invested capital, interest, and appropriate compensations back as soon as possible, without any consideration for "green cards."

As a single mom with three kids, I sold all my assets in China to invest in this project, hoping to relieve my kids' trauma due to my divorce and give them a better life in another country. My financial loss is the real pain after putting my money into the project for so many years.

Many Emerald Investors are supportive of me writing you this letter in opposition to Steven's. I've attached the name list showing the investors who are willing to put their names under this letter to support me in expressing our real voices. (Attachment A)

Based on my observation, at least 89 investors share my expectation for this litigation's outcome. Among the 89 investors, 87 sent SEC an email titled "Victims of Yi Xia's Fraudulent Project" to express their determination to withdraw from the EB5 program and get their money back. (Attachment B)

Since I have limited connections with other investors, it's a reasonable estimation that the real number of people going through unbearable financial pain is much larger than 89. I sincerely thank you for considering our real expectation regarding this litigation's outcome: getting our money back as soon as possible.

Respectfully,
Yun Xie

Victims of Yi Xia's Fraudulent Project

Dear Mr. Stoelting,

We are the EB5 investors in the Eastern Emerald Project in the current SEC's lawsuit against Yi Xia and Fleet New York Metropolitan Regional Center. We are investors who want to completely withdraw our money from the fraudulent project that hurt us so much.

At this critical moment during the lawsuit, as Steven Fogg (the lawyer hired by a small number of investors) and Richard Xia are both trying to persuade you what they said could represent the best interest of investors, many of us have zero trust in them. Therefore, we decides to write you this email with our genuine hope that you could hear our real expectations. We hope:

1. Return all of our invested capital directly to our personal accounts, NOT the EEGH business account. If the money is returned to the company's business account, very likely, we can not get our money with a satisfying amount, due to the company's extremely unfair agreement, signed under the condition that we were not aware of Xia's fraudulent behaviors recently disclosed by SEC

fraudulent behaviors recently disclosed by SEC.

2. We plead SEC to consider compensating investors' considerable loss with the "penalty fees," such as disgorgement, charged on Yi Xia.
3. Given Xia's fraudulent behaviors, we are determined to withdraw from our green card applications and hope to get our money back as soon as possible.
4. Freeze all banking accounts of Richard and his wife until the current situation is resolved.

For your verification of our identities, we are attaching all of our names and contacts below. (the name list will grow as more investors get in touch with us.)

We sincerely hope you could consider our expectations.

Without SEC, we'd be helpless victims forever.
Nothing could express our thankfulness for your efforts to protect our benefits.

Sincerely,
Victims of Xia's Eastern Emerald Project
